Fees paid by students are protected as follows:

- Domestic students: students pay up to a maximum of \$1,500 in advance for services not yet provided.
- International students: international student fees are protected through the following mechanisms:
 - Maintaining a sufficient amount in Alpha College of Australia's account so that it is able to repay all tuition fees already paid.
 - Through membership of the Tuition Protection Scheme (TPS). The role of the TPS is to assist international students where the Registered Training Organisation is unable to fully deliver their course of study. The TPS ensures that international students are able to either complete their studies in another course or with another education provider or receive a refund of their unspent tuition fees.
 - In addition, international students are not required to pay more than 50% of course fees prior to commencement, except where a course is less than 26 weeks. However, any international student may choose to pay their fees in full or a greater amount than 50%.

PAYMENTS

Payment options are specified in the Offer Letter and Student Agreement.

All fees are to be paid by the date indicated on the invoice. However, where a student is unable to make a payment by the specified date, alternative arrangements may be made by contacting the office.

All payments are to be made by bank transfer into a specified account, the details of which are provided to students. Alpha College of Australia will maintain a sufficient amount in the account so that it is able to repay all tuition fees already paid.

Where fees are overdue and the student has not made alternative arrangements, a first warning, second warning and notice of intention to report regarding non-payment of fees will be sent to the student as follows:

- First warning letter: failing to pay an invoice within 5 days of receipt or contacting Alpha College of Australia to make alternative arrangements.

CREDIT TRANSFER AND RPL

A reduction of fees can apply for any units granted through credit transfer and RPL. The course tuition fees should be divided by the number of units and then the reduction applied per unit for the applicable number of units. This should be shown on the invoice.

REFUNDS
